Three Freshly Baked Pancakes Served with Honey and Cream

"Blin" ( Pancake), comes from Old Slavic mlin, that means "to mill". Blins had a somewhat ritual significance for early Slavic peoples in pre-Christian times since they were a symbol of the sun, due to their round form. They were traditionally prepared at the end of the winter to honor the rebirth of the new sun (Pancake week, or Maslenitsa). This tradition was adopted by the Orthodox Church and is carried on to the present day.
